Re:source M100 modules

Re:source M100 communication module SERVER — 1.130,- €

This optional module serves for the integration of a Re:source M37 / M57 audio server in the M100. A complete access to the comprehensive music data base of the server via interpret, album, genre, title information or individual playlists is enabled.

Order numbers: 1.553.040.00 silver
1.553.050.00 white
1.553.060.00 special variant (against surcharge)

Note: The extension of the M100 by optional modules requires a module mounting, not only horizontally but also vertically. See later in the pricelist.

Re:source M100 multimedia module — 1.500,- €

The optional multimedia module allows the seamless integration of internet radio, iPod, USB drives and sticks and network hard disks in the M100. Thus contents from these sources can easily be chosen through the M100 display.

Order numbers: 1.553.041.00 silver
1.553.051.00 white
1.553.061.00 special variant (against surcharge)

Note: The extension of the M100 by optional modules requires a module mounting, not only horizontally but also vertically. See later in the pricelist.

Re:source multiroom 4 zone module — 850,- €

The optional multiroom module makes the M100 to the center of the Revox multiroom system. By means of this module all analogue sources connected to the system can be distributed in four different zones. Within every zone the program can be broadcasted in up to four rooms.

Order numbers: 1.553.042.00 silver
1.553.052.00 white
1.553.062.00 special variant (against surcharge)

Note: The extension of the M100 by optional modules requires a module mounting, not only horizontally but also vertically. See later in the pricelist.

Re:source M100 tuner module — 810,- €

This optional module serves for the reception of FM radio stations. An additional FM tuner module can be inserted to receive different FM stations within one multiroom system.

Order numbers: 1.553.043.00 silver
1.553.053.00 white
1.553.063.00 special variant (against surcharge)

Note: The extension of the M100 by optional modules requires a module mounting, not only horizontally but also vertically. See later in the pricelist.

Re:source M100 spare module

350,- €

The M100 spare module serves as a placeholder when the M100 basis version is expanded by one or three modules and a asymmetrical format is not desired.

Order numbers: 1.553.044.00 silver
1.553.054.00 white
1.553.064.00 special variant
(against surcharge)

Note: The extension of the M100 by optional modules requires a module mounting, not only horizontally but also vertically. See later in the pricelist.

Re:source multiroom 1+1 submodule

260,- €

The multiroom 1+1 submodule can be inserted directly into the basis version of the M100. This makes the M100 itself to the first zone and the second zone can independently access another source, just like in a larger Revox multiroom system.

Order number: 1.553.048.00

Note: An assembly in the Revox factory is recommended.

Re:source slave submodule

300,- €

By means of the slave submodule the M100 turns to an audiophile 2-channel room amplifier of a Revox multiroom world, which is controlled over a M51 or a M10. The submodule can be integrated directly into the basis version of the M100.

Order number: 1.553.049.00

Note: An assembly in the Revox factory is recommended.

Re:source M51 modules

Re:source M51 tuner module

Electronics
510,- €

FM-Tuner module for M51 basis system, or for additional FM-tuner modules in Multiroom applications. This module can be shipped with two different software versions.

Master Software for the first FM-Tuner in a M51

Slave Software for additional FM-Tuner in a M51

One M51 can carry a maximum of 4 FM-Tuner modules

Note: Please let us know the version that you require.

Order number: 1.551.080.00

Re:source M51 I/O module

Electronics
510,- €

The I/O module offers 4 analogue audio inputs (AUX1-AUX3 + REC-IN) and one record output. A maximum of 2 I/O modules can be operated in one M51.

Note: If two I/Os are in use, both REC-OUT carry the same signal

Order number: 1.551.081.00

Re:source M51 communication module SERVER

Electronics
830,- €

The Re:source communication module with Server software offers the access of the M51 to the M37/M57 database. All artists, albums, genres, tracks and individual playlists can be shown on the M51 and the Re:control M217 displays. A maximum of four audio signals coming from a Re:source audio server can be connected to the server module. In addition it offers a crossbar matrix system to distribute also two zone servers to all four zones of the M51 multiroom system.
Order number: 1.551.085.01

Re:source M51 communication module SAT

Electronics
760,- €

The Re:source communication module with SAT software offer the access of the Re:system M51 to a Topfield SAT receiver of the TF5000 series. All Radio or TV Stations of the SAT receiver are visible on the Re:control M217 display or the M51s display.
The SAT receiver will be connected to audio input 4 and the RS232 interface. The inputs 1 to 3 can be used as Line In audio inputs.
A maximum of two modules with SAT software can be used in one M51.
Order number: 1.551.085.02

Re:source M51 communication module Kaleidescape

Electronics
2.000,- €

The Re:source communication module with Kaleidescape firmware offers the control of the Kaleidescape Video Server system. All information will be displayed on the Re:control M217/M218 devices.
Order number: 1.551.085.03

Re:source M51 multimedia module

Electronics
1.200,- €

The Re:source multimedia module enables the seamless integration of Internet radio, iPod, USB drivers, USB sticks, and network hard discs into the Multiroom system. In this way, content from these sources can also be selected easily trough the Revox displays.
Order number: 1.551.063.01

Re:source M51 cd/dvd module MKIV scart

Electronics
620,- €

Provides audio and video signals from the integrated DVD player in RGB, YUV, S-Video or Composite quality, as well as analogue and digital audio. Further the Scart connector is the audio input for the TV source. Also the DVD module is the interface for the Re:connect M300 video switch, offering another six audio and video inputs. Only for M51 with Serial number 4xxx
Order number: 1.551.083.06

Re:source M51 cd/dvd module MKIV RCA

Electronics
620,- €

Provides audio and video signals from the integrated DVD player in RGB, YUV, S-Video or Composite quality, as well as analogue and digital audio. Further it offers the audio input for the TV source. Also the DVD module is the interface for the Re:connect M301 video switch, offering another six audio and video inputs. Only for M51 with Serial number 4xxx
Order number: 1.551.083.07

Re:source M51 multiroom module MKIII

Electronics
550,- €

The multiroom module MKIII serves up to four zones of Revox multiroom with up to eight rooms in each zone. The two IR outputs can be used for specified external products that are integrated in the Revox world. For each room up to four timer events can be defined on the MR module.
Note: On return of MR module MKI or MKII, 100€ will be credited.
Order number: 1.551.082.02

Re:source M51 slave module

Electronics
560,- €

Additional M51s can be integrated as a 5 channel room amplifier into a Revox Multiroom system. The slave module is used instead of the multiroom module. All sources of the master M51 are also available on the slave M51 if this is desired.
Order number: 1.551.062.00

Re:source M51 decoder module MKIII

Electronics
690.- €

This module offers dolby digital, prologic 2, stereo and X-stereo, depending on the individual demands and the available signal. 6 pre-out connectors provide the home theatre signal for external power amplifiers. Besides, the decoder module MK III provides the lipsync-function an three digital inputs (2 x coaxial, 1 x optical).
Order number: 1.551.084.02

Re:source M51 digital video scaler MKV

Electronics
1.400,- €

This optional module offers the possibility for the DVD player of the M51 to scale the video signal up to 1080p. Please consider that this module no longer contains the lipsync function, since the new decoder module MKIII offers this feature. In this way all sources of the M51 can profit by the lipsync function.
Order number: 1.551.054.05
Note: The new scaler generation is completely compatible to the existing module and works in every M51 with serial number 4000 or higher.

Lipsync upgrade board for DVS MKI

Electronics
360,- €

To upgrade an existing DVS module MKI (1.551.054.00) to the lipsync standard. Only for M51 MKII SN 3xxx
Order number: 1.551.054.02

Re:source products

Re:source M117 entertainment system

4.500,- €

The Revox entertainment system combines numerous audio and video sources in one device. Equipped with a twin DVB-S2 tuner, a CI-slot, a CD/DVD drive and a 500 GB hard disc, the system is not only able to archive movies, pictures and music, but offers also a TV application, radio and internet access.
Order number: 1.554.010.00

Re:source M37 MKII audio server 160 GB – 2 Zone

Server
3.600,- €

The audio server stores music from CD on a HDD. CD Text recognition through the Internet enables a music library with easy and intuitive access to each piece of music by artist, album, genre or individual playlist
Order number: 1.537.016.00
Note: Each M37 MKII requires a Microsoft XPe OEM license (1.537.100.10) which is included in delivery.

Re:source M37 MKII audio server 250 GB – 4 Zone

Server
5.650,- €

The audio server stores music from CD on a HDD. CD Text recognition through the Internet enables a music library with easy and intuitive access to each piece of music by artist, album, genre or individual playlist
Order number: 1.537.027.00
Note: Each M37 MKII requires a Microsoft XPe OEM license (1.537.100.10) which is included in delivery.

Re:cessory M100 accessories

Re:connect M100 module mounting 2-fold — 200,- €
The M100 module mounting twofold is the connecting piece between basis and modules and allows a stable connection of up to two modules on the M100, both horizontally and vertically.
Order number: 1.553.030.00

Re:connect M100 module mounting 4-fold — 300,- €
The M100 module mounting fourfold is the connecting piece between basis and modules and allows a stable connection of three or four modules on the M100, both horizontally and vertically.
Order number: 1.553.031.00

Re:control M230 PC software

With this software for Windows XP, Windows 2000 and Windows 98 the Revox Multiroom system can be controlled by a PC, either via the COM1 port or an Ethernet connection. The M51s display information will be shown in a separate window on the PC. This software is part of the Re:connect M200 or Re:connect M202.

Re:control M231 PDA software

With this software for Windows CE 2003 PDAs the Revox Multiroom system can be controlled by a PDA on a wireless platform. The M51s display will be shown on the PDA. This software is part of the Re:connect M200 or Re:connect M202.

Re:control M232 App for iPod and iPod touch

The Re:control M232 application for the iPhone or the iPod touch allows you to control the Revox Multiroom System. The M232 is a completely wireless bidirectional remote control for all major features of the Revox System, including the Revox audio server and the multimedia module. You can purchase the M232 application through the Apple App Store directly from your iPhone.

Re:control M234 Mac software

With the Re:control M230 Mac software the Revox multiroom system can be controlled with the interfaces Re:connect M200 or Re:connect M202 via a MAC PC. The software can be downloaded for free from the Revox websites.

Re:connect products

Re:connect M200 domotic interface
The Re:connect M200 can be used either to control products like a Revox Plasma or a Revox Projector or for home control systems like EIB, Crestron, AMX to integrate Revox into systems that control the entire electronic in a house.
Order number: 1.551.086.00

Electronics
640,- €

Re:connect M200 domotic interface KNX
The Revox Multiroom System together with a Re:connect M200 EIB/KNX can be integrated into a house control system.
Order number: 1.551.086.01

Electronics
640,- €

Re:connect M200 domotic interface Pioneer
The Re:connect M200 Pioneer is able to integrate a Pioneer plasma into the Revox Multiroom System. Most of the 50" and 60" Plasmas can be integrated. Please ask for an actual list if required.
Order number: 1.551.086.02

Re:connect M203 RS232 interface — Electronics
The Re:connect M203 can be used either to control products like a Revox Plasma or a Revox Projector.
Order number: 1.551.067.00
380,- €

Re:connect M203 RS232 interface KNX — Electronics
The Revox Multiroom System together with a Re:connect M203 EIB/KNX can be integrated into a house control system.
Order number: 1.551.067.01
380,- €

Re:connect M203 RS232 interface Pioneer — Electronics
The Re:connect M203 Pioneer is able to integrate a Pioneer plasma into the Revox Multiroom System. Most of the 50" and 60" Plasmas can be integrated. Please ask for an actual list if required.
Order number: 1.551.067.02
380,- €

Re:connect M203 RS232 interface Loewe — Electronics
The Re:connect M203 Pioneer is able to integrate the Loewe TVs based on the chassis platform L2700. Please ask for an actual list if required.
Order number: 1.551.067.03
380,- €

Re:connect M203 RS232 interface AdNotam
Electronics
380,- €

The Re:connect M203 AdNotam is able to integrate Ad Notam LCD mirror TVs into the Revox Multiroom system.
Order number: 1.551.067.04

Re:connect M203 RS232 interface Panasonic
Electronics
380,- €

The Re:connect M203 Panasonic is able to integrate TVs of the Panasonic professional and the Panasonic premiere series into the Revox Multiroom System.
Order number: 1.551.067.05

Re:connect M203 RS232 interface Metz
Electronics
380,- €

The Re:connect M203 Metz is able to integrate all Metz LCD-TVs starting from 2007 (year of manufacture) or from chassis electronic 607 into the Revox Multiroom System.
Order number: 1.551.067.06

Re:connect M203 RS232 interface Sharp
Electronics
380,- €

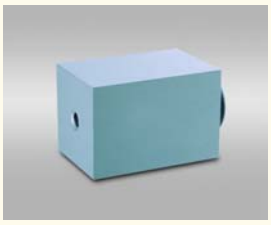
The Re:connect M203 Sharp is able to integrate all Sharp LCD-TVs > 26" equipped with RS2323 interface into the Revox Multiroom System.
Order number: 1.551.067.07

Re:connect M204 ir receiver
Electronics
99,- €

IR receiver for the integration into any coverage for switching devices.
Order number: 1.720.906.00

Re:connect M204 ir receiver – flange black/white
Electronics
105,- €

IR receiver for the integration into any cabinet or loudspeakers. It requires a hole of 20 mm diameter.
Order number: 1.720.903.00 (black)
Order number: 1.720.903.50 (white)



Re:connect M204 ir receiver – aluminium cabinet
Electronics
110,- €

This IR receiver can be placed anywhere outside a wall or cabinet.
Order number: 1.720.904.00

Re:connect iPod docking station
Electronics
220,- €

The iPod docking station is mainly made for clients who are interested in having a solution to place their iPod into a docking station only.
The iPod will be charged and the music can be browsed from all Revox control devices.
Order number: 1.551.061.00

Re:connect M37 RS232 splitter
Via this interface two Re:source communication server modules can access one M37. Thus two parallel Revox Multiroom systems can share one M37.
Order number: 1.551.068.00

Electronics
400,- €

Re:connect M-Link booster
The M-Link booster stabilizes the voltage and the communication signal and avoids thereby a voltage drop caused by long distances and connectors and the faulty function of interfaces.
Artikelnummer: 1.551.089.00

Electronics
85,- €

Re:connect extension interface
With the Re:connect extension interface (1 pc. transmitter + 1pc. receiver) Revox offers the opportunity to extend the distance between iPod and MMM to 100 meters at most.
Order number: 1.551.065.00

Electronics
350,- €

Re:connect M219 room amplifier
Each additional room in a Revox multiroom installation requires one M219 room amplifier with 2 x 50 Watt (music power). The local speakers are connected to the M219 as well as the control units like M217/M218 or M204. Three local inputs and a pre-out help to integrate additional local sources or a more powerful amplifier.
Order number: 1.551.060.00

70,- €

Material: Wood without sound proofing
Measurements: H 312 x W 225 x D 100 mm
Order number: 1.084.474.00

Re:sound I inwall 85

Loudspeakers

360,- €

The Re:sound I inwall 85 is the big brother of the Re:sound I inwall 65 and according to this also more powerful.
32 Hz – 20 kHz, 85/120 Watt, 6 Ohm, 90 dB/1W/1m
Outer dimensions: 357 x 255 mm
Cutout dimensions: 331 x 226 mm
Installation depth: 100 mm
Order number: 1.084.570.00

Re:sound I inwall 85 ir

Loudspeakers

460,- €

Re:sound I inwall 85 with integrated Re:connect M204 IR receiver.
32 Hz – 20 kHz, 85/120 Watt, 6 Ohm, 90 dB/1W/1m
Outer dimensions: 357 x 255 mm
Cutout dimensions: 331 x 226 mm
Installation depth: 100 mm
Order number: 1.084.572.00

Installation housing for Re:sound I inwall 85

Loudspeakers

90,- €

Material: Wood without sound proofing
Measurements: H 530 x W 380 x D 115 mm
Order number: 1.084.571.00

Re:sound I inceiling 50

Loudspeakers

170,- €

This inceiling speaker is a very flat white speaker, Dimensions: Outer diameter 202mm, Cut out 165 mm, Depth from wall: 75 mm,
Chassis: 130 mm woofer - 12 mm tweeter, Load capacity 50/70 W, Frequency response: 50Hz – 20 kHz, Acoustic pressure: 88dB / 2,83W / 1m, Impedance: 6 Ohm
Order umber: 1.084.480.00

Re:sound I inceiling 50 ir

Loudspeakers

300,- €

Inceiling speaker, white with integrated Re:connect M204 IR receiver
This inceiling speaker is a very flat with speaker, Dimensions: Outer diameter 202mm, Cut out 165 mm, Depth from wall: 75 mm, Chassis: 130 mm woofer - 12 mm tweeter, Load capacity 50/70 W, Frequency response: 50Hz – 20 kHz, Acoustic pressure: 88dB / 2,83W / 1m, Impedance: 6 Ohm
Order umber: 1.084.482.00

Installation housing for Re:sound I inceiling 50

Electronics

65,- €

Material: Concrete incl. sound proofing
Measurements: H 290 x W 290 x D 125 mm
Order number: 1.084.481.00

Re:sound I inceiling 80
Loudspeakers
270,- €

This inceiling speaker is a very flat white speaker, Dimensions: Outer diameter 273mm, Cut out 238 mm, Depth from wall: 95 mm, Chassis: 200 mm woofer - 26 mm tweeter, Load capacity 80/100 W, Frequency response: 32Hz – 20 kHz, Acoustic pressure: 90dB / 2,83W / 1m, Impedance: 6 Ohm
Order number: 1.084.485.00

Re:sound I inceiling 80 ir
Loudspeakers
410,- €

In-wall speaker, white with integrated Re:connect M204 IR receiver
This inceiling speaker is a very flat white speaker, Dimensions: Outer diameter 273 mm, Cut out 238 mm, Depth from wall: 95 mm, Chassis: 200 mm woofer - 26 mm tweeter, Load capacity 80/100 W, Frequency response: 32Hz – 20 kHz, Acoustic pressure: 90dB / 2,83W / 1m, Impedance: 6 Ohm
Order number: 1.084.487.00

Re:sound I inceiling 80 stereo
Loudspeakers
350,- €

Double 2 way inwall speaker system, based on the Re:sound I inceiling 80 speaker.
Dimensions: Outer diameter: 273 mm, Cut out: 238 mm, Depth from wall: 95 mm, Frequency response: 32 Hz - 20 kHz (IEC), Acoustic pressure: 95 dB/2.83V /1m, Impedance: 2 x 6 Ohm
Installation depth: 95 mm
Weight: 2,1 kg
Order number: 1.084.488.00

Re:sound I inceiling 80 stereo ir
Loudspeakers
480,- €

Double 2 way inwall speaker system, white with integrated Re:connect M204 IR receiver, based on the Re:sound I inceiling 80 speaker.
Dimensions: Outer diameter: 273 mm, Cut out: 238 mm, Depth from wall: 95 mm, Frequency response: 32 Hz - 20 kHz (IEC), Acoustic pressure: 95 dB/2.83V /1m, Impedance: 2 x 6 Ohm
Order number: 1.084.489.00

Installation housing for Re:sound I inceiling 80
Electronics
95,- €

Material: Concrete incl. sound proofing
Measurements: H 450 x W 450 x D 125 mm
Order number: 1.084.486.00

Re:sound I outdoor 80
Loudspeakers
290,- €

Water-resistant 2 way speaker, which can even be positioned on the weather side of a house. The bail wall bracket allows a vertical or horizontal mounting. Within the bail the loudspeaker can be swiveled or tilted arbitrarily.
Frequency response: 50 Hz - 22 kHz (IEC), Load capacity 80 /110 Watt, Impedance: 6 Ohm, Acoustic pressure 88dB/1W/1m
Height: 250 mm / Width: 166 mm /Depth: 166 mm
Total depth incl. bracket: 190 mm
Weight: 2,8 kg
Order number: 1.084.575.00
